

MANUSCRIPT TITLE:

The undersigned author(s) hereby agree that:

- Turkish Journal of Prosthetics and Orthotics Science bears no responsibility for the content of the manuscript titled above.
- The submitted manuscript will be subject to peer review, editorial revision, and potential publication. The journal will notify the author(s) of the final version, and publication will proceed upon their approval.
- The manuscript complies with the journal's writing, publication, and ethical guidelines; it is original and has not been previously published or submitted for evaluation in any language, either in Turkey or abroad. The scientific and ethical responsibility for the work lies entirely with the authors. In the event that some co-authors cannot be reached, all authors are nonetheless aware of the submission, and the undersigned corresponding author accepts full responsibility on behalf of all co-authors.

The undersigned author(s) confirm that:

- The submitted manuscript (including text, tables, figures, graphs, images, and other content) is original, has not been published or submitted elsewhere.
- If previously published, all necessary permissions for publication in Turkish Journal of Prosthetics and Orthotics Science have been obtained, and required documents will be provided to the Journal.
- The article does not infringe on any personal or property rights, and the author(s) accept responsibility for its content and any related legal matters.
- If accepted, the article will be licensed under the Creative Commons Attribution-NonCommercial 4.0 International License (CC BY-NC 4.0), allowing use, distribution, and reproduction with proper citation for non-commercial purposes. For more details, visit <https://creativecommons.org/licenses/by-nc/4.0/>.

AUTHORSHIP:

Turkish Journal of Prosthetics and Orthotics Science follows the ICMJE recommendations on authorship, which include the following four criteria:

1. Significant contribution to the conception, design, data acquisition, analysis, or interpretation of the work.
2. Drafting or critically revising the work for intellectual content.
3. Final approval of the manuscript to be published.
4. Accountability for all aspects of the work, ensuring any questions about its accuracy or integrity are addressed.

Each author must meet the first three criteria. Those who do not meet these criteria should be acknowledged in the "Acknowledgements" section. The

undersigned author(s) confirm that they meet the above criteria for authorship.

Types of Contribution: Please refer to the numbers below when filling out the "Contribution Type" section of the table:

Conception
Design
Supervision
Funding
Materials
Data Collection/Processing
Analysis/Interpretation
Literature Review
Writing
Critical Review

This form must be signed by all authors and submitted along with the manuscript during initial submission. Authors may either sign the same page or submit separate signed documents.
